

KING COUNTY MENTAL HEALTH BOARD

Quality Council

Tuesday, June 27, 2006

3:00 – 4:30 p.m.

Conference Room 6A, Exchange Building
821 Second Avenue, Seattle, WA 98104

Members Attending:

Helen Nilon (Chair), Steve Collins

Members Absent

Ron Sterling, Kali Henderson

Staff Present:

Debra Srebnik, Georgia Cortez

I. INTRODUCTIONS

II. ANNOUNCEMENTS

There was no quorum present, so no formal actions were taken.

III. APPROVAL OF APRIL MEETING NOTES for April, May

(since no quorum was present; no vote was taken)

IV. QUALITY COUNCIL WORK PLAN (2006-2007)

Between now and the July 11th KCMHAB meeting, the QC members should review the work plan to determine items that they would like to keep, delete or add. Options for adding review of state-conducted satisfaction survey, defining recovery outcomes and "quality services" and summarizing all review activities at year-end for recommendations to the Board were discussed - but could not be voted on due to lack of quorum.

Debra has determined that of all the current QC activities, only review of the Quality Management Plan is required (and it could be done via the whole KCMHAB). All other activities are discretionary and guided by charter.

The July KCMHAB meeting agenda will include discussion of QC activities and Recovery Initiatives Committee activities, their potential overlap and whether the groups should consolidate?

V. COMMUNITY FORUMS

Two forums have been scheduled; NAMI Eastside on July 18th in September 19th at NAMI South King County. Helen will get with Perry Wien to coordinate forum information and participation.

VI. MENTAL HEALTH REPORT CARD

Helen went over some detailed questions with Debra regarding the First Quarter 2006 Mental Health Report Card. There was discussion regarding several issues, including whether increases in revocations were related to drops in detentions, drawing down SL's for true supportive housing, financial penalties (some edit problems), and looking at measurable recovery-oriented outcomes. There was also discussion of looking at people who don't connect to treatment post-jail or hospitalization in the same intensive way that we look at hi-utilizers.

VII. QRT UPDATE

Tabled until July 25th meeting

NEXT MEETING JULY 25.

Adjourn 4:20 p.m.
